NuMI-MINOS Status Report - Nick Graf

FAR DETECTOR

Soudan: Last week

- Far detector electronics turned back on Tuesday.
- Started taking cosmic ray data.
- Some minor electronics issues to work out.
- Magnet is still off until sprinkler system repaired
 - Faulty pipe replaced
 - Feed pipe between levels 25 & 27 needs to be replaced. Will arrive this week.

This week

- Cleanup of foam and debris began today.
- Shaft renovation work.

Huge thanks to Bill Miller, Jerry Meier and the rest of the mine crew, as well as Alec Habig, for all their hard work to get the FD back online!
